

A GUIDE TO ROUNDING UP YOUR INTERVIEW

HOW TO ENSURE YOU LEAVE A GREAT FIRST IMPRESSION

You've smashed your CV and nailed your interview and then they turn to you and ask..... '**do you have any questions for us?**'
The answer is always **YES!** and good employers will want to know you care about who you work for. Here's some inspiration.....

Show
you've done
your
homework

'While researching (the practice) I learned (something you learned), Can you tell me more about that?'

Let them
know that
the why
matters

"May I ask the reason for this vacancy?'

Showcase
confidence
but show
respect

'What would you expect from your ideal postholder in the first 90 days?'

Build
personal
rapport as
people

'What do you most enjoy about working here?'

One
question
about
benefits is
appropriate

'Do you encourage remote working?'
